# ETHICAL EUROPE EQUITY INDEX

## CERTIFICATION STATEMENT 1<sup>st</sup> QUARTER 2022

To the Index users,  
To the Index provider Solactive AG,

Forum ETHIBEL asbl<sup>1</sup> is appointed by Solactive AG to execute independent monitoring and certification of the Ethical Europe Equity Index (SOLEEE Index) concerning its conformity with the non-financial aspects of the rulebook and the due diligence of the Index composition process.

### Index set-up

**Selection universe of constituents.** The Solactive Europe Corporate Social Responsibility Index is composed of shares of companies derived from the ESG research universe of **Vigeo Eiris**<sup>1</sup>.

**ESG criteria.** The constituents benefit from a global ESG (Environmental, Social and Governance) score of (i) equal or higher than 40/100 and (ii) higher than the sector average, at the date of publication.

**Ethical criteria.** The constituents: (i) have no significant involvement in activities related to armament, gambling, tobacco and to nuclear activities and (ii) are not involved in violations of environmental, labour or human rights standards.

**Operational modalities.** Solactive and Vigeo Eiris have agreed a script with monthly deliveries of the eligible universe and quarterly updates of the Index composition. At that occasion a review of the possible involvement of the concerned companies in disputable activities or in violations related to the ethical criteria is done. Constituents that do no longer comply with the criteria are excluded from the Index. Solactive publishes all Index updates, after audit and certification by Forum ETHIBEL.

### Certification liabilities

**Role of Forum ETHIBEL.** Forum ETHIBEL solely acts by its role as auditor and certification institute. The Ethibel label is not involved in any way in the assignment.

**Meaning and scope.** A certificate or a 'declaration of certification' is a written testimony of conformity of a product with its self-imposed rules and regulations and/or quality requirements.

**Dedication.** A Forum ETHIBEL certificate provides evidence that a financial product or instrument is in line with its non-financial criteria and processes as defined by its prospectus, rulebook, and regulations or otherwise stated specifications.

### Verification and quarterly revision

Forum ETHIBEL has executed the audit in full accordance with the contractual obligations and determinations.
