INTRODUCTION

This document (the "**GUIDELINE**") is to be used as a guideline with regard to the composition, calculation and maintenance of the Solactive Digital Payments Index (the "**INDEX**"). Any amendments to the rules made to the **GUIDELINE** are approved by the **OVERSIGHT COMMITTEE** specified in Section 5.5. The **INDEX** is owned, calculated, administered and published by Solactive AG ("**SOLACTIVE**") assuming the role as administrator (the "**INDEX ADMINISTRATOR**") under the Regulation (EU) 2016/1011 (the "**BENCHMARK REGULATION**" or "**BMR**"). The name "Solactive" is trademarked.

The text uses defined terms which are formatted with "SMALL CAPS". Such Terms shall have the meaning assigned to them as specified in Section 6 (Definitions).

The **GUIDELINE and the policies and methodology documents referenced herein contain the underlying principles and rules regarding the structure and operation of the **INDEX**. **SOLACTIVE** does not offer any explicit or tacit guarantee or assurance, neither pertaining to the results from the use of the **INDEX** nor the level of the **INDEX** at any certain point in time nor in any other respect. **SOLACTIVE** strives to the best of its ability to ensure the correctness of the calculation. There is no obligation for **SOLACTIVE** – irrespective of possible obligations to issuers – to advise third parties, including investors and/or financial intermediaries, of any errors in the **INDEX**. The publication of the **INDEX** by **SOLACTIVE** does not constitute a recommendation for capital investment and does not contain any assurance or opinion of **SOLACTIVE** regarding a possible investment in a financial instrument based on this **INDEX**.**

1. INDEX SPECIFICATIONS

1.1. SCOPE OF THE INDEX

Category	Description
Asset Class	Equity
Strategy	The index aims to track the performance of a basket of stocks of companies that are actively engaged in the digital payments value-chain.
Regional Allocation	Global Markets
Rebalancing Fee	n/a
Rebalancing Frequency	Semi-annually

1.2. IDENTIFIERS AND PUBLICATION

The INDEX is published under the following identifiers:

Name	ISIN	Currency	Type	RIC	BBG ticker
Solactive Digital Payments Index PR	DE000SLOBRM1	USD	PR*	.SOLDPAYP	-
Solactive Digital Payments Index NTR	DE000SLOBRN9	USD	NTR*	.SOLDPAY	SOLDPAY
Solactive Digital Payments Index TR	DE000SLOBRP4	USD	GTR*	.SOLDPAYT	-

PR, NTR, GTR mean that the Index is calculated as price return, net total return, gross total return Index as described in the Equity Index Methodology, which is available on the SOLACTIVE website: <https://www.solactive.com/documents/equity-index-methodology/>

The INDEX is published on the website of the INDEX ADMINISTRATOR (www.solactive.com) and is, in addition, available via the price marketing services of Boerse Stuttgart GmbH and may be distributed to all of its affiliated vendors. Each vendor decides on an individual basis as to whether it will distribute or display the INDEX via its information systems.

Any publication in relation to the INDEX (e.g. notices, amendments to the GUIDELINE) will be available at the website of the INDEX ADMINISTRATOR: <https://www.solactive.com/news/announcements/>.

1.3. INITIAL LEVEL OF THE INDEX

The initial level of the INDEX on the 14/06/2013, the START DATE, is 100. Historical values from the 22/01/2021, the LIVE DATE, will be recorded in accordance with Article 8 of the BMR. Levels of the INDEX published for a period prior to the LIVE DATE have been back-casted.

1.4. PRICES AND CALCULATION FREQUENCY

The level of the INDEX is calculated on each CALCULATION DAY from 9:00 a.m. to 10:50 p.m. CET based on the TRADING PRICES on the EXCHANGES on which the INDEX COMPONENTS are listed. TRADING PRICES of INDEX COMPONENTS not listed in the INDEX CURRENCY are converted using the current Intercontinental Exchange (ICE) spot foreign exchange rate. Should there be no current TRADING PRICE for an INDEX COMPONENT, the later of: (i) the most recent CLOSING PRICE; or (ii) the last available TRADING PRICE for the preceding TRADING DAY is used in the calculation.

In addition to the intraday calculation a closing level of the INDEX for each CALCULATION DAY is also calculated. This closing level is based on the CLOSING PRICES for the INDEX COMPONENTS on the respective EXCHANGES on which the INDEX COMPONENTS are listed. The CLOSING PRICES of INDEX COMPONENTS not listed in the INDEX CURRENCY are converted using the 04:00 p.m. London time WM Fixing quoted by Reuters. If there is no 04:00 p.m. London time WM Fixing for the relevant CALCULATION DAY, the last available 04:00 p.m. London time WM Fixing will be used for the closing level calculation.

1.5. LICENSING

Licenses to use the INDEX as the underlying value for financial instruments, investment funds and financial contracts may be issued to stock exchanges, banks, financial services providers and investment houses by SOLACTIVE.

2. INDEX SELECTION

On each SELECTION DAY, the INDEX ADMINISTRATOR will revise the composition of the INDEX.

In a first step, the INDEX ADMINISTRATOR determines the INDEX UNIVERSE in accordance with Section 2.1. The INDEX UNIVERSE comprises all those financial instruments which fulfill the INDEX UNIVERSE REQUIREMENTS (as specified in Section 2.1) and will constitute a starting pool from which the components of the INDEX will be selected. Based on this INDEX UNIVERSE, the new composition of the INDEX will be determined by applying the rules outlined in Section 2.2.

Each new INDEX COMPONENT will be assigned a weight as described in Section 2.3.

2.1. INDEX UNIVERSE REQUIREMENTS

The INDEX UNIVERSE is comprised of all financial instruments which fulfill the below requirements (the “INDEX UNIVERSE REQUIREMENTS”):

1. The company must be included in the data base provided by the DATA PROVIDER.

To be eligible for the data base, the company must be a public listed payment service company engaged in payments processed legally compliant and initiated in-store at contactless point of sale devices in retail outlets, in online shops, and/or in-app by using a mobile device. Only those companies are deemed eligible for inclusion into the data base for which a set of payment relevant information can be determined based on publicly available sources:

- a company provides digital/mobile payment services and/or supporting services/products
- a company is engaged in the digital business-to-business, business-to consumer and/or peer-to-peer payments industry as determined through its SEGMENT classification
- a company shows a digital payments strategy and/or digital service innovation.

The DATA PROVIDER uses a set of publicly available sources for selecting the relevant companies and for the determination of their SEGMENT. Among others, the DATA PROVIDER uses investor relation presentations, published annual reports, independent payments industry reports and its market intelligence data base (which consists of leading payment service provider profiles worldwide and new digital players in the payments industry). In addition, the DATA PROVIDER can add its own market intelligence expertise and results from continued discussions with payments industry experts where appropriate. However, no changes to the data base will be based on non-public information.

2. Companies shall be actively engaged in the digital payments global value chain in the capacity of

- ‘ISSUING BANK / CARD ISSUER’,
- ‘ACQUIRING BANK / ACQUIRER’,
- ‘PAYMENT GATEWAY’,
- ‘PAYMENT PROCESSOR’,

- 'PAYMENT TECHNOLOGY PROVIDER',
 - 'ANCILLARY PAYMENT SERVICE PROVIDER',
 - and/or 'CARDLESS PAYMENT SERVICE PROVIDER'.
3. Any company listed on the Future Protection List (the "FWPL") produced by Legal & General Investment Management ("LGIM") are then excluded. The FWPL is reconstituted by LGIM on a semi-annual basis and the methodology by reference to which the FWPL is constructed is published on Future World Protection List Methodology which is available on the following website: https://www.lgim.com/landg-assets/lgim/_document-library/capabilities/future-world-protection-list-public-methodology.pdf. The most recently published FWPL that is available on a respective SELECTION DAY is applied. It can be found on the following website: <https://www.lgim.com/uk/en/capabilities/corporate-governance/tracking-esg-progress/>.
4. The securities that are eligible for inclusion in the INDEX UNIVERSE must meet the following criteria:
- it has its primary listing on an ELIGIBLE EXCHANGE.
 - it has, as of the SELECTION DAY, a FREE FLOAT MARKET CAPITALIZATION of at least USD 200,000,000, unless such Security is an existing INDEX COMPONENT, in which case, the FREE FLOAT MARKET CAPITALIZATION must be at least USD 150,000,000.
 - its three-month AVERAGE DAILY VALUE TRADED, until and including the SELECTION DAY, is at least USD 1,000,000.
 - any security of a company that is classified as ANCILLARY PAYMENT SERVICE PROVIDER only shall be excluded.

The determination of the INDEX UNIVERSE is fully rules-based and the INDEX ADMINISTRATOR cannot make any discretionary decisions.

2.2. SELECTION OF THE INDEX COMPONENTS

Based on the INDEX UNIVERSE, the initial composition of the INDEX as well as any selection for an ordinary rebalance is determined on the SELECTION DAY in accordance with the following rules (the "**INDEX COMPONENT REQUIREMENTS**"):

1. On each SELECTION DAY, each security shall be deemed to be an INDEX COMPONENT, if in respect of such security, the following conditions, applied in sequential manner, are met:
 - a. the DIGITAL PAYMENT REVENUE PERCENTAGE is at least one per cent;
 - b. the MARKET LEADERSHIP SCORE ranked within the respective SEGMENT of such security falls on or above the percentile threshold specified in the table below; and
 - c. the DIGITAL PAYMENT REVENUE PERCENTAGE ranked within the respective SEGMENT of such security falls on or above the percentile threshold specified in the table below.

Segment	Market Leadership Score threshold	Digital Payment Revenue Percentage threshold
'ISSUING BANK / CARD ISSUER' and/or 'ACQUIRING BANK / ACQUIRER'	20 th percentile	New constituents: 90 th percentile Existing constituents: 80 th percentile
'PAYMENT GATEWAY' and/or 'PAYMENT PROCESSOR'		New constituents: 20 th percentile Existing constituents: 10 th percentile
'CARDLESS PAYMENT SERVICE PROVIDER'		
'PAYMENT TECHNOLOGY PROVIDER'	N/A	

Further, in respect of each security that fulfils the above conditions the DIGITAL PAYMENT REVENUE PERCENTAGE shall be at least 10 per cent unless such company is an INDEX COMPONENT in which case it shall be at least 8 per cent.

Notwithstanding the above, if the total number of INDEX COMPONENTS is determined to be less than 25, then the DIGITAL PAYMENT REVENUE PERCENTAGE percentile thresholds shall be lowered in 10% steps for the following SEGMENTS until the total number of INDEX COMPONENTS is determined to be equal to 25 or above (in case more companies will become eligible when reducing the thresholds simultaneously): 'PAYMENT GATEWAY' and/or 'PAYMENT PROCESSOR', 'PAYMENT TECHNOLOGY PROVIDER' and 'CARDLESS PAYMENT SERVICE PROVIDER'. If still unable to find a solution, then the minimum DIGITAL PAYMENT REVENUE PERCENTAGE shall be lowered in 1% steps for the following SEGMENTS until the total number of INDEX COMPONENTS is determined to be equal to 25 or above (in case more companies will become eligible when reducing the thresholds simultaneously): 'PAYMENT GATEWAY' and/or 'PAYMENT PROCESSOR', 'PAYMENT TECHNOLOGY PROVIDER' and 'CARDLESS PAYMENT SERVICE PROVIDER'.

The selection of the INDEX COMPONENTS is fully rules-based and the INDEX ADMINISTRATOR cannot make any discretionary decisions.

2.3. WEIGHTING OF THE INDEX COMPONENTS

On each SELECTION DAY each INDEX COMPONENT is assigned an equal weight, subject to the following constraints:

- 1) If the 3-month AVERAGE DAILY VALUE TRADED is less than USD 2,000,000, then the weight of the INDEX COMPONENT shall be capped at 1%, provided the initial weight is greater than 1%.

- 2) If the 3-month AVERAGE DAILY VALUE TRADED is less than USD 3,000,000 but greater than or equal to USD 2,000,000, then the weight of the INDEX COMPONENT shall be capped at 2%, provided the initial weight is greater than 2%.
- 3) If the 3-month AVERAGE DAILY VALUE TRADED is less than USD 4,000,000 but greater than or equal to USD 3,000,000, then the weight of the INDEX COMPONENT shall be capped at 3%, provided the initial weight is greater than 3%.

Any residual weight that arises from capping the weights of INDEX COMPONENT shall be distributed equally to the remaining INDEX COMPONENTS, subject to the constraints 1) -3) above. For the avoidance of doubt, INDEX COMPONENTS affected from the afore-mentioned constraints will be excluded from the weight redistribution if this process increases their weight above the defined weight caps.

3. REBALANCE

3.1. ORDINARY REBALANCE

In order to reflect the new selection of the INDEX COMPONENTS determined on the SELECTION DAY (in accordance with Section 2.1 and 2.2) the INDEX is adjusted on the REBALANCE DAY after CLOSE OF BUSINESS.

This is carried out by implementing the shares as determined on the FIXING DAY based on the weights calculated on the SELECTION DAY.

In addition, if the INDEX ADMINISTRATOR determines that the INDEX weight of any INDEX COMPONENT is greater than 15% on any REVIEW DAY, then the index shall be reweighted on the ADJUSTMENT DAY that occurs immediately after such REVIEW DAY according to section 2.3 WEIGHTING OF THE INDEX COMPONENTS. AVERAGE DAILY VALUE TRADED data will be based on the data available as of the REVIEW DAY.

For more information on the rebalance procedure please refer to the Equity Index Methodology, which is incorporated by reference and available on the Solactive website: <https://www.solactive.com/documents/equity-index-methodology/>.

SOLACTIVE will publish any changes made to the INDEX COMPONENTS with sufficient notice before the REBALANCE DAY on the SOLACTIVE webpage under the section "Announcement", which is available at <https://www.solactive.com/news/announcements/>

3.2. EXTRAORDINARY REBALANCE

The INDEX is not rebalanced extraordinarily.

4. CALCULATION OF THE INDEX

4.1. INDEX FORMULA

The INDEX is calculated as a price return, net total return and gross total return Index.

The calculation is performed according to the Equity Index Methodology, which is available on the SOLACTIVE website: <https://www.solactive.com/documents/equity-index-methodology/>. The divisor index formula stipulates that the level of the INDEX changes based on the change of the prices of its INDEX COMPONENTS taking into account their weight in the INDEX and any currency conversion in case the price of an INDEX COMPONENT is quoted in a currency other than the INDEX CURRENCY.

Any dividends or other distributions are reinvested across the entire basket of INDEX COMPONENTS by means of a divisor at the opening of the effective date (the so-called ex-date) of the payment of such dividend or other distribution.

A more detailed description of the mechanics of the index calculation formula can be found in the Equity Index Methodology under Section 1.2.

4.2. ACCURACY

The level of the INDEX will be rounded to two decimal places. Divisors will be rounded to six decimal places. TRADING PRICES and foreign exchange rates will be rounded to six decimal places.

4.3. ADJUSTMENTS

Under certain circumstances, an adjustment of the INDEX may be necessary between two regular REBALANCE DAYS. Such adjustment has to be made if a corporate action (as specified in Section 4.4 below) in relation of an INDEX COMPONENT occurs. Such adjustment may have to be done in relation to an INDEX COMPONENT and/or may also affect the number of INDEX COMPONENTS and/or the weighting of certain INDEX COMPONENTS and will be made in compliance with the Solactive Equity Index Methodology, which is incorporated by reference and available on the SOLACTIVE website: <https://www.solactive.com/documents/equity-index-methodology/>.

SOLACTIVE will announce the INDEX adjustment giving a notice period of at least two TRADING DAYS (with respect to the affected INDEX COMPONENT) on the SOLACTIVE website under the Section "Announcements", which is available at <https://www.solactive.com/news/announcements/>. The INDEX adjustments will be implemented on the effective day specified in the respective notice.

4.4. CORPORATE ACTIONS

As part of the INDEX maintenance SOLACTIVE will consider various events – also referred to as corporate actions – which result in an adjustment to the INDEX between two regular REBALANCE DAYS. Such events have a material impact on the price, weighting or overall integrity of INDEX COMPONENTS. Therefore, they need to be accounted for in the calculation of the INDEX. Corporate actions will be implemented from the cum-day to the ex-day of the corporate action, so that the adjustment to the INDEX coincides with the occurrence of the price effect of the respective corporate action.

Adjustments to the INDEX to account for corporate actions will be made in compliance with the Equity Index Methodology, which is available on the SOLACTIVE website: <https://www.solactive.com/documents/equity-index-methodology/>. This document contains for each corporate action a brief definition and specifies the relevant adjustment to the INDEX variables.

While SOLACTIVE aims at creating and maintaining its methodology for treatment of corporate actions as generic and transparent as possible and in line with regulatory requirements, it retains the right in accordance with the Equity Index Methodology to deviate from these standard procedures in case of any unusual or complex corporate action or if such a deviation is made to preserve the comparability and representativeness of the INDEX over time.

SOLACTIVE considers following, but not conclusive, list of corporate actions as relevant for INDEX maintenance:

- > Cash Distributions (e.g. payment of a dividend)
- > Stock distributions (e.g. payment of a dividend in form of additional shares)
- > Stock distributions of another company (e.g. payment of a dividend in form of additional shares of another company (e.g. of a subsidiary))
- > Share splits (company's present shares are divided and therefore multiplied by a given factor)
- > Reverse splits (company's present shares are effectively merged)
- > Capital increases (such as issuing additional shares)
- > Share repurchases (a company offer its shareholders the option to sell their shares to a fixed price)
- > Spin-offs (the company splits its business activities into two or more entities and distributes new equity shares in the created entities to the shareholders of the former entity)
- > Mergers & Acquisitions (transaction in which the ownership of a company (or other business organizations) are transferred or consolidated with other entities, e.g. fusion of two or more separate companies into one entity)
- > Delistings (company's shares are no longer publicly traded at a stock exchange)
- > Nationalization of a company (effective control of a legal entity is taken over by a state)

> Insolvency

4.5. RECALCULATION

SOLACTIVE makes the greatest possible efforts to accurately calculate and maintain its indices. However, errors in the determination process may occur from time to time for variety reasons (internal or external) and therefore, cannot be completely ruled out. SOLACTIVE endeavors to correct all errors that have been identified within a reasonable period of time. The understanding of "a reasonable period of time" as well as the general measures to be taken are generally depending on the underlying and is specified in the Solactive Correction Policy, which is incorporated by reference and available on the SOLACTIVE website: <https://www.solactive.com/documents/correction-policy/>.

4.6. MARKET DISRUPTION

In periods of market stress SOLACTIVE calculates its indices following predefined and exhaustive arrangements as described in the Solactive Disruption Policy, which is incorporated by reference and available on the SOLACTIVE website: <https://www.solactive.com/documents/disruption-policy/>. Such market stress can arise due to a variety of reasons, but generally results in inaccurate or delayed prices for one or more INDEX COMPONENTS. The determination of the INDEX may be limited or impaired at times of illiquid or fragmented markets and market stress.

5. MISCELLANEOUS

5.1. DISCRETION

Any discretion which may need to be exercised in relation to the determination of the INDEX (for example the determination of the INDEX UNIVERSE (if applicable), the selection of the INDEX COMPONENTS (if applicable) or any other relevant decisions in relation to the INDEX) shall be made in accordance with strict rules regarding the exercise of discretion or expert judgement.

5.2. METHODOLOGY REVIEW

The methodology of the INDEX is subject to regular review, at least annually. In case a need of a change of the methodology has been identified within such review (e.g. if the underlying market or economic reality has changed since the launch of the INDEX, i.e. if the present methodology is based on obsolete assumptions and factors and no longer reflects the reality as accurately, reliably and appropriately as before), such change will be made in accordance with the Solactive Methodology Policy, which is incorporated by reference and available on the SOLACTIVE website: <https://www.solactive.com/documents/methodology-policy/>.

Such change in the methodology will be announced on the SOLACTIVE website under the Section "[Announcement](https://www.solactive.com/news/announcements/)", which is available at <https://www.solactive.com/news/announcements/>. The date of the last amendment of this INDEX is contained in this GUIDELINE.

5.3. CHANGES IN CALCULATION METHOD

The application by the INDEX ADMINISTRATOR of the method described in this document is final and binding. The INDEX ADMINISTRATOR shall apply the method described above for the composition and calculation of the INDEX. However, it cannot be excluded that the market environment, supervisory, legal and financial or tax reasons may require changes to be made to this method. The INDEX ADMINISTRATOR may also make changes to the terms and conditions of the INDEX and the method applied to calculate the INDEX that it deems to be necessary and desirable in order to prevent obvious or demonstrable error or to remedy, correct or supplement incorrect terms and conditions. The INDEX ADMINISTRATOR is not obliged to provide information on any such modifications or changes. Despite the modifications and changes, the INDEX ADMINISTRATOR will take the appropriate steps to ensure a calculation method is applied that is consistent with the method described above.

5.4. TERMINATION

SOLACTIVE makes the greatest possible efforts to ensure the resilience and continued integrity of its indices over time. Where necessary, SOLACTIVE follows a clearly defined and transparent procedure to adapt Index methodologies to changing underlying markets (see Section 5.2 "Methodology Review") in order to maintain continued reliability and comparability of the indices. Nevertheless, if no other options are available the orderly cessation of the INDEX may be indicated. This is usually the case when the underlying market or economic reality, which an index is set to measure or to reflect, changes substantially and in a way not foreseeable at the time of inception of the index, the index rules, and particularly the selection criteria, can no longer be applied coherently or the index is no longer used as the underlying value for financial instruments, investment funds and financial contracts.

SOLACTIVE has established and maintains clear guidelines on how to identify situations in which the cessation of an index is unavoidable, how stakeholders are to be informed and consulted and the procedures to be followed for a termination or the transition to an alternative index. Details are specified in the Solactive Termination Policy, which is incorporated by reference and available on the SOLACTIVE website: <https://www.solactive.com/documents/termination-policy/>.

5.5. OVERSIGHT

An oversight committee composed of staff from SOLACTIVE and its subsidiaries (the "**OVERSIGHT COMMITTEE**") is responsible for decisions regarding any amendments to the rules of the INDEX. Any such amendment, which may result in an amendment of the GUIDELINE, must be submitted to the OVERSIGHT COMMITTEE for prior approval and will be made in compliance with the Methodology Policy, which is available on the SOLACTIVE website: <https://www.solactive.com/documents/methodology-policy/>.

6. DEFINITIONS

“ADJUSTMENT DAY” means each day that occurs on the second Friday of each calendar month other than June and December. If that day is not a BUSINESS DAY the ADJUSTMENT DAY will be the immediately following BUSINESS DAY.

“AVERAGE DAILY VALUE TRADED” means, in respect of an INDEX COMPONENT, the sum of DAILY VALUE TRADED over the specified period divided by the number of TRADING DAYS that fall in the specified period.

“BENCHMARK REGULATION” shall have the meaning as defined in Section “Introduction”.

“BMR” shall have the meaning as defined in Section “Introduction”.

“BUSINESS DAY” is a day on which New York Stock Exchange (NYSE), the London Stock Exchange, the Tokyo Stock Exchange and Deutsche Boerse Xetra are open for general business.

“CALCULATION DAY” is every weekday from Monday to Friday.

“CLOSE OF BUSINESS” is the calculation time of the closing level of the INDEX as outlined in Section 1.4.

The **“CLOSING PRICE”** in respect of an INDEX COMPONENT and a TRADING DAY is a security's final regular-hours TRADING PRICE published by the EXCHANGE and determined in accordance with the EXCHANGE regulations. If the EXCHANGE has no or has not published a CLOSING PRICE in accordance with the EXCHANGE rules for an INDEX COMPONENT, the last TRADING PRICE will be used.

“DAILY VALUE TRADED” means, in respect of an INDEX COMPONENT and a TRADING DAY, the product of (i) the CLOSING PRICE of such INDEX COMPONENT and (ii) the volume traded (measured as a number of shares) of such INDEX COMPONENT on the EXCHANGE during such TRADING DAY.

“DATA PROVIDER” is Payments Cards & Mobile (PCM). PCM provides unique data, research and consulting services on the global payments industry since 1994. Among others, PCM keeps track of innovative technologies and trends in the payments industry worldwide, including regulation and legal frameworks for payments services. Their clients include financial services companies, technology providers, mobile network operators, corporates, merchants and government organizations. For more information, please visit: <https://www.paymentscardsandmobile.com/>.

“ELIGIBLE EXCHANGE” is any exchange as defined in the Annex of this guideline.

“EXCHANGE” is with respect to the INDEX and every INDEX COMPONENT, the respective exchange where the INDEX COMPONENT has its listing as determined in accordance with the rules in Section 2.

“FIXING DAY” is SELECTION DAY.

The **“FREE FLOAT”** is with regard to each of the securities fulfilling the Index Component Requirements on a SELECTION DAY the share class-specific fraction of the total number of shares of such share class issued that are available for trading by market participants and not locked-in by long term holders, as sourced from data vendors.

The **“FREE FLOAT MARKET CAPITALIZATION”** is with regard to each of the securities fulfilling the Index Component Requirements on a SELECTION DAY the share class-specific free float market capitalization. It is calculated as the multiplication of the shares outstanding in FREE FLOAT (as sourced from data vendors) with the CLOSING PRICE of the share class as of the respective SELECTION DAY.

“GUIDELINE” shall have the meaning as defined in Section “Introduction”.

“INDEX” shall have the meaning as defined in Section “Introduction”.

“INDEX ADMINISTRATOR” shall have the meaning as defined in Section “Introduction”.

“INDEX COMPONENT” is each security reflected in the INDEX.

“INDEX COMPONENT REQUIREMENTS” shall have the meaning as defined in Section 2.2.

“INDEX CURRENCY” is the currency specified in the column “Currency” in the table in Section 1.2.

“INDEX UNIVERSE REQUIREMENTS” shall have the meaning as defined in Section 2.1.

“INDEX UNIVERSE” is the sum of all financial instruments which fulfill the INDEX UNIVERSE REQUIREMENTS.

“LIVE DATE” shall have the meaning as defined in Section 1.3.

“OVERSIGHT COMMITTEE” shall have the meaning as defined in Section 5.5.

“REBALANCE DAY” is the second Friday in June and December. If that day is not a BUSINESS DAY the REBALANCE DAY will be the immediately following BUSINESS DAY.

“REVIEW DAY” means 10 BUSINESS DAYS before the ADJUSTMENT DAY, disregarding any potential change of the ADJUSTMENT DAY.

“SELECTION DAY” is 10 BUSINESS DAYS before the REBALANCE DAY, disregarding any potential change of the REBALANCE DAY.

“SOLACTIVE” shall have the meaning as defined in Section “Introduction”.

“START DATE” shall have the meaning as defined in Section 1.3.

“TRADING DAY” is with respect to an INDEX COMPONENT included in the INDEX at the REBALANCE DAY and every INDEX COMPONENT included in the INDEX at the CALCULATION DAY immediately following the REBALANCE DAY (for clarification: this provision is intended to capture the TRADING DAYS for the securities to be included in the INDEX as new INDEX COMPONENTS with close of trading on the relevant EXCHANGE on the REBALANCE DAY) a day on which the relevant EXCHANGE is open for trading (or a day that would have been such a day if a market disruption had not occurred), excluding days on which trading may be ceased prior to the scheduled EXCHANGE closing time and days on which the EXCHANGE is open for a scheduled shortened period. The INDEX ADMINISTRATOR is ultimately responsible as to whether a certain day is a TRADING DAY.

The **“TRADING PRICE”** in respect of an INDEX COMPONENT and a TRADING DAY is the most recent published price at which the INDEX COMPONENT was traded on the respective EXCHANGE.

DATA RELATED DEFINITIONS

“ACQUIRING BANK / ACQUIRER” means any company that is identified to provide payment acquiring services as determined by the DATA PROVIDER and whose FactSet Industry level is 'Major Banks', 'Savings Banks', 'Investment Banks / Brokers' or 'Regional Banks'.

“ANCILLARY PAYMENT SERVICE PROVIDER” means any company that is identified to have expertise in ancillary payment services such as card scheme associations, ATM/POS/MPOS/SmartPOS device vendors, investment holdings and/or credit check companies as determined by the DATA PROVIDER.

“CARDLESS PAYMENT SERVICE PROVIDER” means any company that is identified to have expertise in cardless payments solutions as determined by the DATA PROVIDER and that is not classified as an ISSUING BANK / CARD ISSUER, ACQUIRING BANK / ACQUIRER, PAYMENT GATEWAY, PAYMENT PROCESSOR and/or PAYMENT TECHNOLOGY PROVIDER.

“DIGITAL PAYMENT REVENUE PERCENTAGE” is defined as the product of the PAYMENT REVENUE PERCENTAGE times the percentage revenue derived from digital payments as part of the PAYMENT REVENUE PERCENTAGE and as provided by the DATA PROVIDER.

“DIGITAL PAYMENT TRANSACTIONS PROCESSED” means the number of transactions from digital payments and is calculated as the product of the PAYMENT TRANSACTIONS PROCESSED times the percentage of DIGITAL PAYMENT VALUE PROCESSED from PAYMENT TRANSACTIONS PROCESSED.

“DIGITAL PAYMENT VALUE PROCESSED” means the total value of transactions from digital payments and is calculated as the product of the PAYMENT VALUE PROCESSED times the percentage of DIGITAL PAYMENT VALUE PROCESSED from the PAYMENT VALUE PROCESSED.

“ISSUING BANK / CARD ISSUER” means any company that is identified as a payment card issuing bank and/or payment card-issuing e-money institution as determined by the DATA PROVIDER and whose FactSet Industry level is 'Major Banks', 'Savings Banks', 'Investment Banks / Brokers' or 'Regional Banks'.

“MARKET LEADERSHIP SCORE” means a combined rank based on DIGITAL PAYMENT VALUE PROCESSED and DIGITAL PAYMENT TRANSACTION PROCESSED.

“PAYMENT GATEWAY” means any company that is identified to have expertise in payment gateway solutions as determined by the DATA PROVIDER and that is not classified as an ISSUING BANK / CARD ISSUER and/or ACQUIRING BANK / ACQUIRER.

“PAYMENT PROCESSOR” means any company that is identified to have expertise in payment processing solutions as determined by the DATA PROVIDER and that is not classified as an ISSUING BANK / CARD ISSUER and/or ACQUIRING BANK / ACQUIRER.

“PAYMENT REVENUE PERCENTAGE” means the percentage of a company's total revenues that are derived from payment activities as provided by the DATA PROVIDER.

“PAYMENT TECHNOLOGY PROVIDER” means any company that is identified to have expertise in providing payment technology solutions as determined by the DATA PROVIDER and that is not classified as an ISSUING BANK / CARD ISSUER, ACQUIRING BANK / ACQUIRER, PAYMENT GATEWAY and/or PAYMENT PROCESSOR PAYMENT.

“PAYMENT TRANSACTION PROCESSED” is the total number of payment transactions processed as provided by the DATA PROVIDER.

“PAYMENT VALUE PROCESSED” is the total payment value processed as provided by the DATA PROVIDER.

“SEGMENT” means any of the following categories: (i) ISSUING BANK / CARD ISSUER and/or ACQUIRING BANK / ACQUIRER, (ii) PAYMENT GATEWAY and/or PAYMENT PROCESSOR, (iii) PAYMENT TECHNOLOGY PROVIDER, (iv) CARDLESS PAYMENT SERVICE PROVIDER, and (v) ANCILLARY PAYMENT SERVICE PROVIDER.
